BEAVER RIDGE, Aug. 21. MR. EDITOR: The farmers have finished threshing their wheat. The yield is very good, and a very fine quality of wheat. The price is very good and the farmers are in fine freely, and prices declining. Oats and spirits. Many of our farmers are about half done plowing for another crop. Our corn crops since our fine rains are looking well. We will make a pretty fair crop of corn. All the corn that was planted late

will make very good corn. We are having some land sales in this neighborhood. Mr. Aaron Smoker bought part of Mr. Geo. Weard's farm, formerly the Gobb farm, and there is talk of other sales. We are looking for quite a number of Eastern and Western men in this valley this winter hunting them homes. Col. Armstrong, from Indiana, will be here about the 10th of September, and there will come with him several families, and when the Cincin-

nati Southern Railroad is finished to Chattanooga we will have quite a heavy emigration. I have quite a number of letters stating that they will come just as soon as that road is finished to Chattanooga. I hope that some good company will build a road from Knoxville to the C. S. road. It will help Knoxville and all of this country. I think it would do more to help Knoxville than any other road. Knoxville ought to build that road herself and One Inch each insertion.

We have three good commissioners, Esq. Robert Harper, Col. Wm. 6 40 pm Cross and Maj. Jas. McBath; they see that the teachers attend to their 11 16 pm duty. We have quite a number of will have another this winter.

> I am very sorry the way the State went on the bond question. Some think it was for the best, p obably it was, but I can not see it in that light. I think that the next question will be 333 or nothing, and I am afraid that Northing will pre-

vail. I hope not. We are about to lose one of our best citizens. Mr. James Hackney is going to move from our neighborhood; he has sold his mill property to Wm. Coward, of Anderson coun-

ty. We are to have a splendid bridge across Beaver Creek at the Hackney Mill property, in a few days, which will help this part of the county and part of Anderson county very much, and we must have a bridge across Beaver Creek on the county road from Robertsville to Knoxville, and that also will be quite an addition to this

part of the county. of moisself A We are very glad to learn that the work at Oakdale Iron Works has commenced. It helps to build up this great country of ours, and I am very glad to see the great interest you and your noble paper take in all public enterprises for East Tennessee. Yours,

What Makes Bow-Legs. Popular Science Monthly.

Bow-legs and knock-knees are among the commonest deformities of humanity, and a Manchester (England) physician, Dr. Compton, attributes the first mentioned distortion to a habit some youngsters delight in of rubbing the sole of one foot against that of the other; some will go to sleep with the soles together. They appear to enjoy the contact only when the feet are naked; they don't attempt to make it when they are socked or slippered. So the remedy is obvious; keep the baby's soles covered \$5.75.
